Editorial

Through exercises in key helpful areas (water, well-being, food, shelter, training and financial empowerment), Al Twasul for Human Foundation is offering this year's 2021 harvest as a subjective extension of its philanthropy and betterment programs. This report reflects the extent of the aid and advancement mediation in the compassionate areas and the government. and individuals, for their consideration and giving alongside the Yemeni nation in its helpful situation and exceptional assistance to the mistreated and relief to all in need, despite the challenging conditions and deepening crises.

We express our sincere gratitude to all donors and allies (associations and individuals) pushed forward by the State of Kuwait, the Prince, the public authority and individuals for their consideration and giving on the side of the Yemeni nation in their helpful situation and their extraordinary assistance to the abused and relief to all in need, notwithstanding the challenging conditions and the deepening of crises.

Our sincere gratitude to the state of Kuwait.

Greetings ..

who we are:

: A Yemeni civic group called Al-Twasul for Human Development was founded in 2004 as an extension of the Al-Rahma International Society, which has been active in Yemen since 1998. In all governorates of the Republic of Yemen It works in the areas of food security, agriculture, health, education, water, environmental sanitation, shelter, shelter, capacity building, life skills and community care.

Since its inception, the Foundation has worked in partnership and collaboration with the Yemeni government, civil society organizations and international organizations and bodies on a range of high-quality projects and programs aimed at reducing poverty and building the capacity of the poor and the poorest groups.

The Foundation has been able to established itself as a leading organization in the fields of humanitarian work and sustainable development by receiving the Gulf Cooperation Council Award and Shield in Sustainable Development and the International Quality Certificate (ISO: 90012008).

Our vision:

Pioneers in human development and productivity.

Our Goal:

- A Yemeni organization dedicated to helping others and promoting development, deploying world-class programs to help people become productive members of society and lead respectable lives in accordance with global norms.
- Participation in combating and reducing poverty in society.
- Working for healthy families and their inclusion in society.
- Cooperation and correspondence with authorities, institutions, associations and comparison associations within the meaning of the law.

Our associates

Strategic partnership

Al Twasul for Human Development works with numerous NGOs at local and international level, including Al-Rahma International Society-State of Kuwait, to support creative and diverse programs and projects that benefit Yemeni society.
